This application is renewable every 2 month. If you suffer from health issues, we recommended you abstain from sport of any type.

Note: Submitting this enquiry form does not guarantee that you will be eligible for acceptance into the academy at any time. It is your character/ will-power and the recommendation of your priest and your sport teacher that will determine whether you will be admitted.

The training at SOTA lasts for one hour or less, but children are allowed to play in group or practise on their own. Depending on the availability of sports facilities and availability of trainers the training can be extended. Sports training can not be free of risk of injuries. Our trainers are very careful. Therefore using SOTA's facility is at own risk. In order to grow and develop and maintain, SOTA Sports Academy will depend on charities and welcome church leaders who share the vision that children have a right to play and learn the basics of games, and who would be prepared to consider giving a helping hand through offering influence, sacrificing their time, donating equipment, or teaching the children.

Fighting or violence of any type is prohibited at SOTA!
